STEP 8: CREATE FLIGHT DETAILS FORM

The screenshot shows the 'Flight Details' form builder interface. On the left, a 'Basic Fields' panel contains icons for Name, Email, Address, Phone, Single Line, Multi Line, Number, Date, Time, Drop Down, Radio, and Multi Select. The main workspace displays a form with the following fields: Flight ID (highlighted), Flight Name, Flight Number, source, Destination, Departure Date, Departure Time, Ticket Price, and Available Seats. On the right, the 'Field Properties' panel for 'Flight ID' shows: Field name: Flight ID, Field link name: Flight_ID, Validation: Start Index: 1, and Appearance: Field type: Auto Number. The bottom status bar indicates 'Trial expires in 5 days' and includes 'Upgrade', 'Get started faster!', and 'Help' links.

STEP 9: CREATE FLIGHT BOOKING FORM

The screenshot shows the 'Flight Booking' form builder interface. On the left, the 'Basic Fields' panel is identical to the previous step. The main workspace displays a form with the following fields: Booking ID (highlighted), Passenger Details, Flight Details, Booking Date, Travel Date, Seat class, Number of Tickets, Total Amount, and Booking Status. On the right, the 'Field Properties' panel for 'Booking ID' shows: Field name: Booking ID, Field link name: Booking_ID, Validation: Start Index: 1, and Appearance: Field type: Auto Number. The bottom status bar is identical to the previous step, showing 'Trial expires in 5 days' and utility links.

STEP 12: WORKFLOWS CREATED FOR FLIGHT RESERVATION AND ACCESS THE APPLICATION

STEP 13: IT OPENS THE PASSENGER DETAILS FORM AND THEN FILL THE FORM AND CLICK SUBMIT

STEP 14: IT SAVES THE DETAILS OF PASSENGER DETAILS IN REPORT

The screenshot shows the 'Flight Reservation System' interface. On the left is a dark sidebar with navigation options: 'Passenger Details' (selected), 'Passenger Details Report', 'Flight Details', and 'Flight Booking'. The main area is titled 'Passenger Details Report' and displays a table with 3 columns: Gender, Mobile Number, Email, Passenger Name, Passport Number, Age, and Passenger ID. The table contains 3 rows of data. At the bottom, it says 'Showing 3 of 3'.

Gender	Mobile Number	Email	Passenger Name	Passport Number	Age	Passenger ID
Female	+91876541234	swaroopa@gmail.com	Swaroopa Tata	P1234345	19	3
Male	+919876543210	sonu@gmail.com	Sonu Balikana	P1234567	21	1
Female	+918765432109	geetha@gmail.com	Geetha Reddy	P2309	18	2

STEP 15: AND FILL THE FORM OF FLIGHT DETAILS AND THEN CLICK SUBMIT

The screenshot shows the 'Flight Reservation System' interface. On the left is a dark sidebar with navigation options: 'Passenger Details', 'Flight Details' (selected), 'Flight Details Report', and 'Flight Booking'. The main area is titled 'Flight Details' and contains a form with the following fields: Flight Name (Airlines), Flight Number (9E312), source (Bangalore), Destination (Bangalore), Departure Date (21-Jul-2026), Departure Time (21:00:00), Ticket Price (4,500), and Available Seats (110). A 'Submit' button is located at the bottom of the form.

Flight Name	Airlines
Flight Number	9E312
source	Bangalore
Destination	Bangalore
Departure Date	21-Jul-2026
Departure Time	21:00:00
Ticket Price	4,500
Available Seats	110

Submit

STEP 16: IT SAVES THE DETAILS OF FLIGHT IN REPORT

The screenshot shows the 'Flight Details Report' page in the Flight Reservation System. The left sidebar contains navigation options: Passenger Details, Flight Details, Flight Details Report (highlighted), and Flight Booking. The main area displays a table with flight details. The table has columns for Flight ID, Flight Name, Flight Number, source, Destination, Departure Date, Departure Time, Available Seats, and Ticket Price. There are 3 rows of data shown. At the bottom, it says 'Showing 3 of 3'.

Flight ID	Flight Name	Flight Number	source	Destination	Departure Date	Departure Time	Available Seats	Ticket Price
3	Airlines	9E312	Bangalore	Bangalore	21-Jul-2026	21:00:00	110	₹ 4,500.00
1	Indigo	6E202	Hyderabad	Delhi	19-Jul-2026	10:30:00	120	₹ 4,500.00
2	Indigo	7E230	Chennai	Bangalore	20-Jul-2026	08:30:01	150	₹ 4,500.00

STEP 17: SELECT FLIGHT BOOKING AND THEN THE TOTAL AMOUNT WILL BE CALCULATED AUTOMATICALLY

The screenshot shows the 'Flight Booking' page in the Flight Reservation System. The left sidebar contains navigation options: Passenger Details, Flight Details, Flight Booking (highlighted), and Flight Booking Report. The main area displays a form for flight booking. The form has fields for Passenger Details, Flight Details, Booking Date, Travel Date, Seat class, Number of Tickets, Total Amount, and Booking Status. A 'Submit' button is at the bottom.

Passenger Details	Swaroopo Tata
Flight Details	Airlines
Booking Date	21-Jul-2026
Travel Date	23-Jul-2026
Seat class	Business
Number of Tickets	9
Total Amount	40,500.00
Booking Status	Confirmed

Submit

STEP 14: WORKFLOWS CREATED FOR DEALS AND ACCESS THE APPLICATION

The screenshot shows the 'Workflow' management section of a software application. The top navigation bar includes 'Design', 'Workflow' (active), and 'Settings'. Below the navigation bar, there are tabs for 'Form workflows', 'Schedules', 'Approvals', 'Payments', 'Blueprints', 'Batch workflows', and 'Functions'. A search bar and a 'New Workflow' button are also present. The main content area displays a table of workflows. The table has columns for 'Workflow Name', 'Details', 'Status', and 'Created On'. The workflows are categorized into 'Forms with workflows' and 'Forms without workflows'. The 'Forms with workflows' section shows a workflow named 'Auto Close Deal' with 1 action, enabled status, and created on 19-Jul-2026. The 'Forms without workflows' section shows two workflows: 'Update Property Availability' and 'Close Inquiry', both with 1 action, enabled status, and created on 19-Jul-2026.

Workflow Name	Details	Status	Created On
Created or Edited > User Input of Payment Status			
Auto Close Deal	1 Action	Enabled	19-Jul-2026

Total Amount	6,000.00
Booking Status	Booked

STEP 18: THE DETAILS ARE FINALLY STORED IN CAR BOOKING REPORT

The screenshot shows a web application interface for a car booking system. The top navigation bar includes the application name 'car booking system', a trial expiration notice 'Trial expires in 6 days', and links for 'Upgrade', 'Edit this application', and 'Help'. The left sidebar contains a menu with 'customer details', 'car details', 'Car Booking', and 'Car Booking Report' (highlighted). The main content area is titled 'Car Booking Report' and displays a table with the following data:

Booking ID	customer details	car details	Booking Date	Return Date	Pickup Date	Number of Days	Total Amount	Booking Status
2	Swaroop	Toyota	20-Jul-2026	25-Jul-2026	21-Jul-2026	4	₹ 6,000.00	Booked
1	sonu	Hyundai creta	19-Jul-2026	26-Jul-2026	20-Jul-2026	6	₹ 15,000.00	Booked

At the bottom of the table, it says 'Showing 2 of 2'.

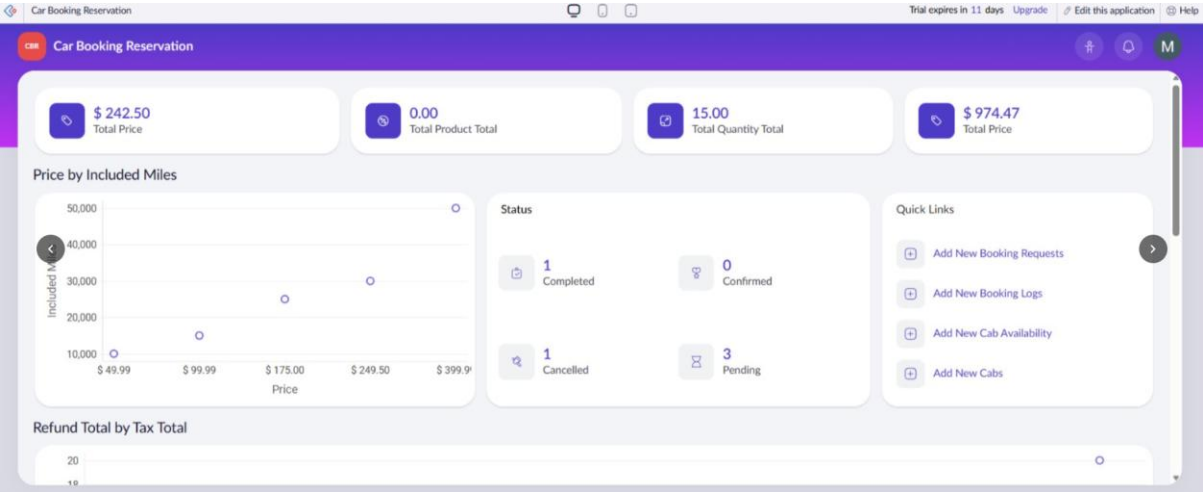

STEP 19: AND FINALLY IT SHOWS THAT THE AVAILABILITY OF CAR

The screenshot shows a web application interface for a car booking system. The top navigation bar includes the application name 'car booking system', a trial expiration notice 'Trial expires in 6 days', and links for 'Upgrade', 'Edit this application', and 'Help'. The left sidebar contains a menu with 'customer details', 'car details', 'car details Report' (highlighted), and 'Car Booking'. The main content area is titled 'car details Report' and displays a table with the following data:

Car Name	Model	Registration No	Car ID	Brand	Car Image	Price Per Day	Available
Toyota	2025	AP1109	2	Toyota		₹ 1,500.00	Yes
Hyundai creta	2026	AP01AB234	1	Hyundai		₹ 2,500.00	No

At the bottom of the table, it says 'Showing 2 of 2'.

STEP 20: DASHBOARD

Create a simple cloud software application for Library book reservation system for SIMATS library using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as Title of the book, author, publications, Year, edition, no of copies, Rack no, status (taken/returned) etc.

AIM: To Create a simple cloud software application for Library Book Reservation System using any Cloud Service Provider to demonstrate SaaS.

PROCEDURE:

step 1: Go to zoho.com.

step 2: Log into the zoho.com.

step 3: Select one application step.

step 4: Enter application name as Library Book Reservation System

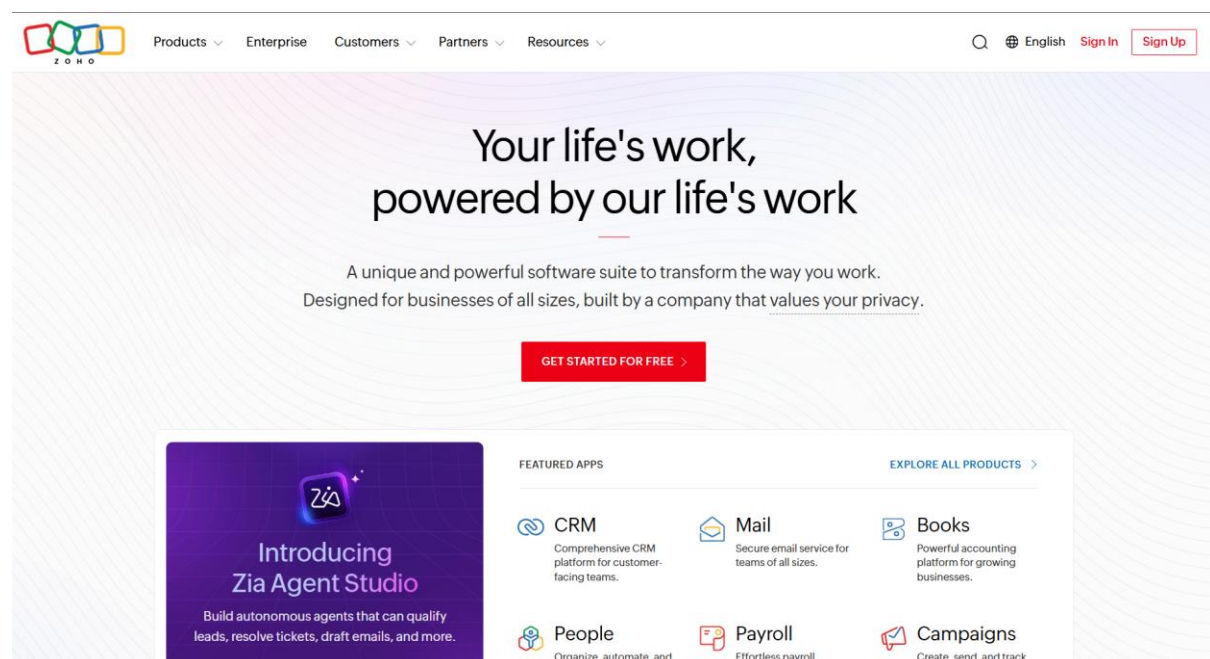

step 5: Created new application as Library Book Reservation System

step 6: Select one form

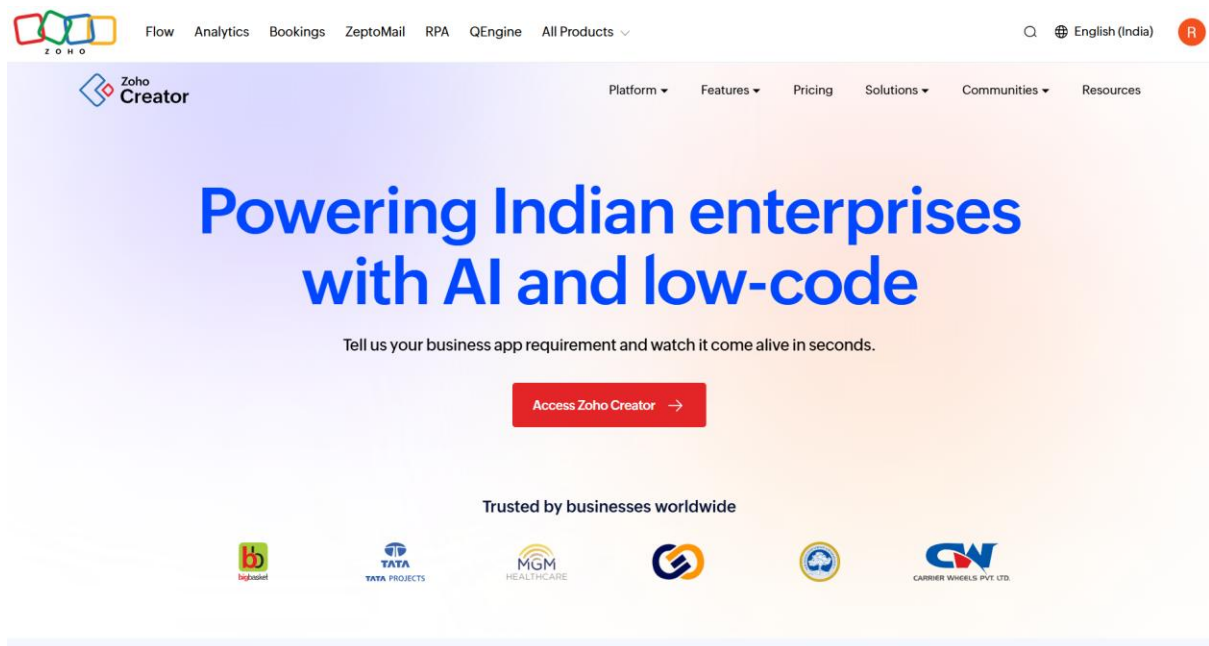

step 7: The software has been created.

IMPLEMENTATION:

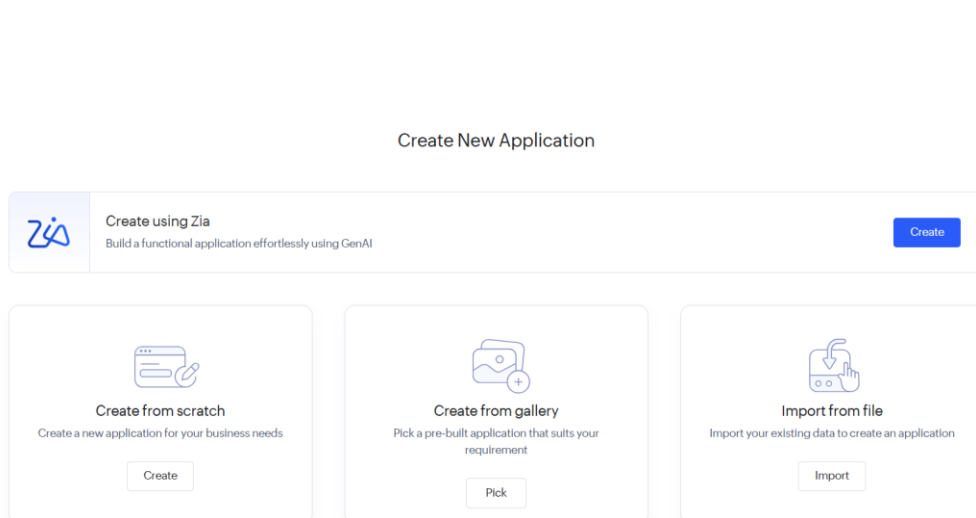

STEP 1: GOTO ZOHO.COM

STEP 12: WORKFLOW CREATED FOR BOOK RESERVATION AND ACCESS THE APPLICATION

STEP 13: IT OPENS THE MEMBER DETAILS FORM AND THEN FILL THE FORM AND CLICK SUBMIT

The screenshot shows the 'Member Details' form. The form fields are as follows:

Field	Value
Member Name	Swaroopo (First Name), Tata (Last Name)
Email	swaroopa@gmail.com
Mobile Number	+91 7654321234
Gender	Female
Department	CSE
Year	2nd
Membership Type	student

A 'Submit' button is located at the bottom of the form.

STEP 14: IT SAVES THE DETAILS OF MEMBER IN REPORT

The screenshot displays the 'Library Book Reservation System' interface. The left sidebar contains a menu with 'Member Details Report' highlighted. The main content area is titled 'Member Details Report' and shows a table with two members. The table has columns for Member ID, Member Name, Email, Mobile Number, Department, Year, and Membership Type. The data is as follows:

Member ID	Member Name	Email	Mobile Number	Department	Year	Membership Type
2	Swaroopo Tata	swaroopa@gmail.com	+917654321234	CSE	2nd	student
1	Sonu Balikana	sonu@gmail.com	+919086554421	CSE	3rd	student

At the bottom of the table, it says 'Showing 2 of 2'.

STEP 15: AND FILL THE FORM OF BOOK DETAILS AND THEN CLICK SUBMIT

The screenshot displays the 'Library Book Reservation System' interface. The left sidebar contains a menu with 'Book Details' highlighted. The main content area is titled 'Book Details' and shows a form with the following fields:

- Book Title: C Programming
- Author Name: Ayesha
- ISBN Number: P123456
- Category: Technology (dropdown menu)
- Publisher: Geetha
- Available Copies: 9
- Book Price: 700

At the bottom of the form, there is a 'Submit' button.

STEP 16: IT SAVES THE DETAILS OF BOOK IN REPORT

The screenshot displays the 'Library Book Reservation System' interface. The left sidebar contains navigation options: Member Details, Book Details, Book Details Report (highlighted), and Book Reservation. The main area is titled 'Book Details Report' and shows a table with the following data:

Book ID	Book Title	Author Name	ISBN Number	Category	Publisher	Available Copies	Book Price
2	C Programming	Ayesha	P123456	Technology	Geetha	9	₹ 700.00
1	python	Mark Lutz	245678987654	Technology	O'Reilly	8	₹ 900.00

At the bottom of the table, it says 'Showing 2 of 2'.

STEP 17: SELECT BOOK RESERVATION ENTER DETAILS AND SELECT SUBMIT

The screenshot displays the 'Library Book Reservation System' interface. The left sidebar contains navigation options: Member Details, Book Details, Book Reservation (highlighted), and Book Reservation Report. The main area is titled 'Book Reservation' and shows a form with the following fields:

- Member Details: Swaroopa Tata
- Book Details: C Programming
- Reservation Date: 21-Jul-2026
- Issue Date: 21-Jul-2026
- Return Date: 25-Jul-2026
- Number of Books: 6
- Total Fine: 30
- Reservation Status: Reserved

A 'Submit' button is located at the bottom of the form.

STEP 18: THE DETAILS ARE FINALLY STORED IN BOOK RESERVATION REPORT

The screenshot shows the 'Library Book Reservation System' interface. The left sidebar contains navigation links: Member Details, Book Details, Book Reservation, and a highlighted 'Book Reservation Report' button. The main area displays the 'Book Reservation Report' with a table of reservation details. The table has columns for Reservation ID, Member Details, Book Details, Reservation Date, Issue Date, Return Date, Number of Books, Total Fine, and Reservation Status. Two reservations are listed: Reservation ID 2 for Swaroopa Tata (C Programming) and Reservation ID 1 for Sonu Balikana (python). Both are reserved for 21-Jul-2026. The total fine for the first reservation is ₹ 30.00, and for the second, it is ₹ 40.00. The interface also shows a trial expiration notice and a help link.

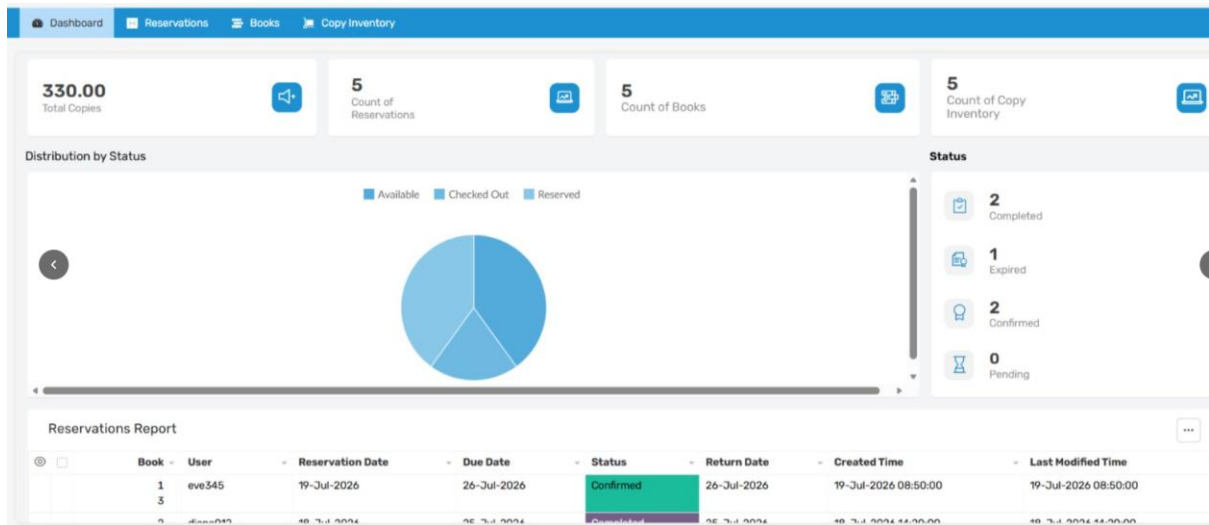

Reservation ID	Member Details	Book Details	Reservation Date	Issue Date	Return Date	Number of Books	Total Fine	Reservation Status
2	Swaroopaa Tata	C Programming	21-Jul-2026	21-Jul-2026	25-Jul-2026	6	₹ 30.00	Reserved
1	Sonu Balikana	python	19-Jul-2026	19-Jul-2026	21-Jul-2026	2	₹ 40.00	Reserved

STEP 19: AND FINALLY IT SHOWS THAT THE AVAILABLE COPIES DECREASE AUTOMATICALLY AFTER RESERVATION, TOTAL FINE IS CALCULATED CORRECTLY WHEN APPLICABLE.

The screenshot shows the 'Library Book Reservation System' interface. The left sidebar contains navigation links: Member Details, Book Details, Book Details, and a highlighted 'Book Details Report' button. The main area displays the 'Book Details Report' with a table of book details. The table has columns for Book ID, Book Title, Author Name, ISBN Number, Category, Publisher, Available Copies, and Book Price. Two books are listed: Book ID 2 (C Programming) by Ayesha (P123456) and Book ID 1 (python) by Mark Lutz (245678987654). Both are in the Technology category. The available copies for the first book are 3, and for the second, it is 6. The book price for the first is ₹ 700.00, and for the second, it is ₹ 900.00. The interface also shows a trial expiration notice and a help link.

Book ID	Book Title	Author Name	ISBN Number	Category	Publisher	Available Copies	Book Price
2	C Programming	Ayesha	P123456	Technology	Geetha	3	₹ 700.00
1	python	Mark Lutz	245678987654	Technology	O'Reilly	6	₹ 900.00

STEP 20: DASHBOARD

Create a simple cloud software application for Mark Sheet Processing System using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as name of the student, Reg no of the student , Subjects , Marks, Average, percentage, rank, overall performance etc.

AIM: To Create a simple cloud software application for Mark Sheet Processing System using any Cloud Service Provider to demonstrate SaaS.

PROCEDURE:

step 1: Go to zoho.com.

step 2: Log into the zoho.com.

step 3: Select one application step.

step 4: Enter application name as Mark Sheet Processing System.

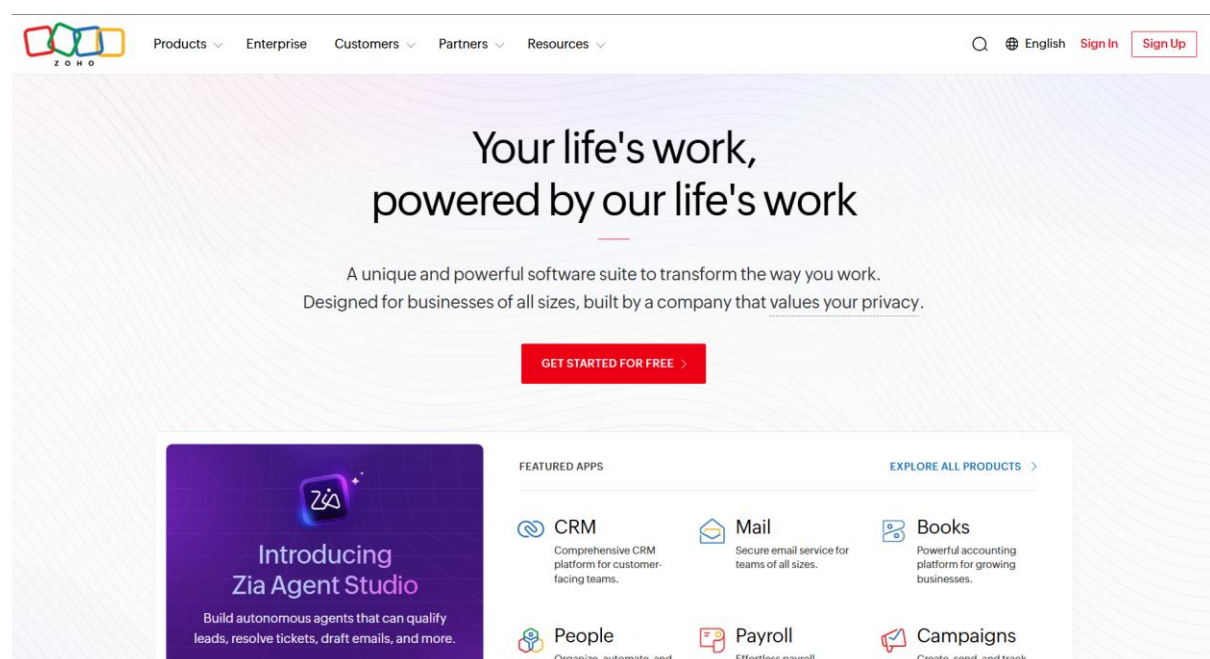

step 5: Created new application as Mark Sheet Processing System.

step 6: Select one form

step 7: The software has been created.

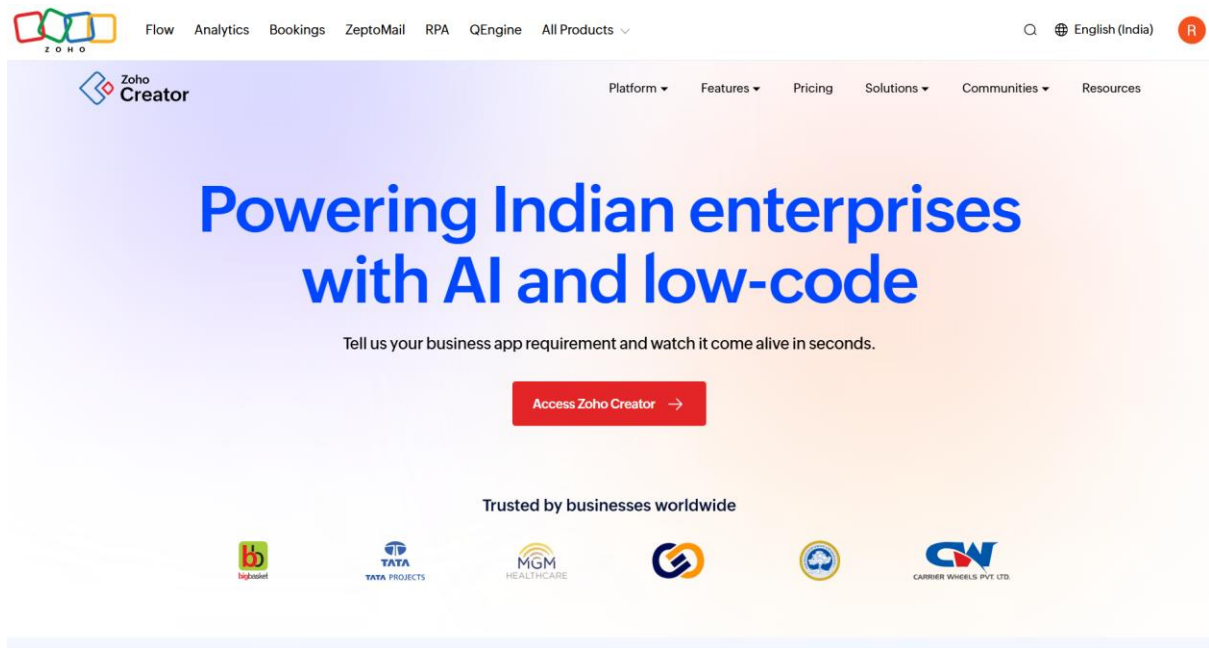

IMPLEMENTATION:

STEP1: GOTO ZOHOCOM

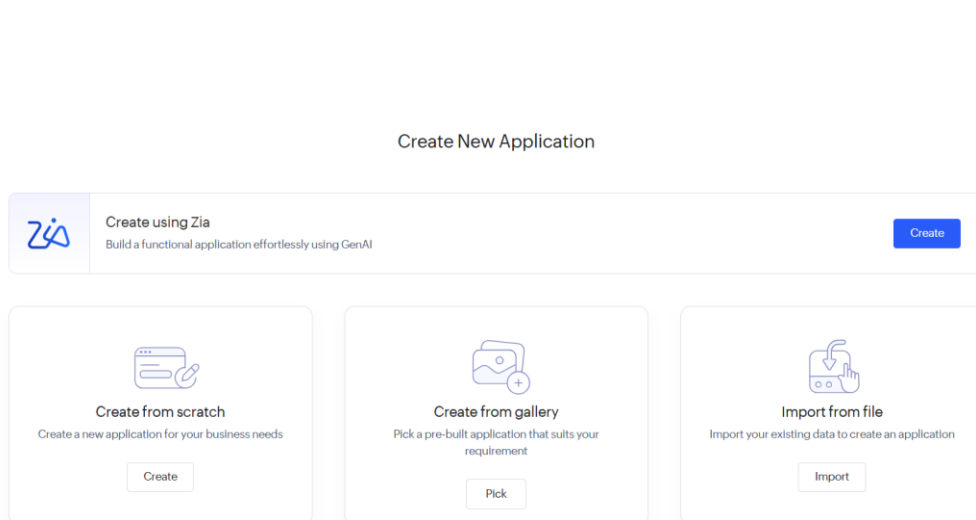

The screenshot shows the Zoho website homepage. At the top, there is a navigation bar with the Zoho logo on the left and links for Products, Enterprise, Customers, Partners, and Resources in the center. On the right side of the navigation bar are links for Search, English, Sign In, and Sign Up. The main content area features a large heading "Your life's work, powered by our life's work" with a subtext "A unique and powerful software suite to transform the way you work. Designed for businesses of all sizes, built by a company that values your privacy." Below this is a red button that says "GET STARTED FOR FREE". At the bottom, there is a section titled "FEATURED APPS" with a link "EXPLORE ALL PRODUCTS". This section displays six featured apps: Zia Agent Studio (Introducing Zia Agent Studio, Build autonomous agents that can qualify leads, resolve tickets, draft emails, and more.), CRM (Comprehensive CRM platform for customer-facing teams.), Mail (Secure email service for teams of all sizes.), Books (Powerful accounting platform for growing businesses.), People (Organize, automate, and...), Payroll (Effortless payroll), and Campaigns (Create, send, and track).

Showing 2 of 2

STEP 16: IT AUTOMATICALLY CALCULATES THE HRA,DA,PFA DEDUCTION,GROSS PAY,TA,NET PAY,TAX DEDUCTION

The screenshot displays the 'Payroll Processing System' interface. On the left is a dark sidebar with navigation links: 'Employee Details', 'Payroll Details', and 'Payroll Details Report' (highlighted). The main area is titled 'Payroll Details Report' and contains a table with the following data:

Employee Details	Salary Month	Salary Year	Basic Pay	HRA	DA	PF Deduction	Gross Pay	TA	Net Pay	Tax Deduction
Swaroop	June	2026	₹ 45,000.00	₹ 9,000.00	₹ 6,750.00	₹ 5,400.00	₹ 65,250.00	₹ 4,500.00	₹ 57,600.00	₹ 2,250.00
Sonu Balikana	September	2026	₹ 40,000.00	₹ 8,000.00	₹ 6,000.00	₹ 4,800.00	₹ 58,000.00	₹ 4,000.00	₹ 51,200.00	₹ 2,000.00

At the bottom of the table, it says 'Showing 2 of 2'. The top right of the interface shows 'Trial expires in 14 days' and links for 'Upgrade', 'Edit this application', and 'Help'.

STEP 17: DASHBOARD

The screenshot shows the 'Payroll Processing System' dashboard. It features a purple header with the system name and a user profile icon. Below the header, there are five summary cards:

- Total Employees: 2
- Total Salary: ₹ 108,800.00
- Average Salary: ₹ 54,400.00
- Highest Salary: ₹ 57,600.00
- Lowest Salary: ₹ 51,200.00

Below these cards is a 'Payroll Details Report' section with a table containing the same data as in Step 16. The bottom of the dashboard has a navigation bar with three icons: 'Dashboard' (selected), 'Employee Details', and 'Payroll Details'.

STEP 12: IT OPENS THE STUDENT DETAILS FORM AND THEN FILL THE FORM AND CLICK SUBMIT

The screenshot shows the 'Student Attendance System' interface. On the left is a dark sidebar with navigation options: 'Student Details' (selected), 'Student Details Report', and 'Attendance Details'. The main area is titled 'Student Details' and contains a form with the following fields: 'Student Name' (Swaroop), 'Register Number' (19255457), 'Gender' (Female), 'Department' (CIVIL), 'Course' (Software Engineering), 'Year' (2), 'Section' (A), 'Email' (swaroopa@gmail.com), and 'Mobile Number' (+91 9654321345). A blue 'Submit' button is at the bottom of the form. The top of the page has a header with 'Student Attendance System', a trial expiration notice, and links for 'Upgrade', 'Edit this application', and 'Help'.

STEP 13: IT SAVES THE DETAILS OF STUDENT IN REPORT

The screenshot shows the 'Student Attendance System' interface with the 'Student Details Report' view selected in the sidebar. The main area displays a table with the following data:

Auto Number	Student Name	Register Number	Gender	Department	Course	Year
2	Swaroop	19255457	Female	CIVIL	Software Engineering	2
1	Sonu	1923374	Male	ECE	Cloud Computing	3

At the bottom of the table, it says 'Showing 2 of 2'. The top of the page has the same header as the previous screenshot.

STEP 14: AND FILL THE FORM OF ATTENDANCE DETAILS AND THEN CLICK SUBMIT

The screenshot shows the 'Attendance Details' form in the Student Attendance System. The left sidebar contains navigation links: 'Student Details', 'Attendance Details', 'Attendance Details Report', and 'Attendance Details Report'. The main form area has the following fields:

- Student Details: Swaroopa
- Student Details: Software Engineering
- Total Classes: 80
- Present: 70
- Absent: 10
- Attendance Percentage: 87.50
- OD Request: Approved
- Grade: B
- Attendance Status: Eligible
- Date: 30-Jul-2026

A 'Submit' button is located at the bottom right of the form.

STEP 15: IT SAVES THE DETAILS OF ATTENDANCE IN REPORT

The screenshot shows the 'Attendance Details Report' table in the Student Attendance System. The table has the following columns: Attendance ID, Student Details, Student Details, Total Classes, Present, Absent, Attendance Percentage, Grade, and Attendance Status. The table contains two rows of data:

Attendance ID	Student Details	Student Details	Total Classes	Present	Absent	Attendance Percentage	Grade	Attendance Status
2	Swaroop	Software Engineering	80	70	10	87.50	B	Eligible
1	Sonu	Cloud Computing	50	46	4	92.00	A	Eligible

The bottom of the screen shows a pagination bar with 'Showing 2 of 2'.

STEP 16: IT AUTOMATICALLY CALCULATES THE ABSENT, PERCENTAGE, GRADE, ATTENDANCE STATUS

The screenshot shows the 'Student Attendance System' interface. The left sidebar contains navigation links: 'Student Details', 'Attendance Details', and 'Attendance Details Report' (highlighted). The main area displays the 'Attendance Details Report' table. The table has columns: Attendance ID, Student Details, Student Details, Total Classes, Present, Absent, Attendance Percentage, Grade, and Attendance Status. Two rows of data are visible.

Attendance ID	Student Details	Student Details	Total Classes	Present	Absent	Attendance Percentage	Grade	Attendance Status
2	Swaroop	Software Engineering	80	70	10	87.50	B	Eligible
1	Sonu	Cloud Computing	50	46	4	92.00	A	Eligible

Showing 2 of 2

STEP 17: DASHBOARD

The screenshot shows the 'Student Attendance System' interface. The left sidebar contains navigation links: 'Student Details', 'Attendance Details', and 'Dashboard' (highlighted). The main area displays the 'Dashboard' with four summary cards and the 'Attendance Details Report' table.

Attendance ID	Student Details	Student Details	Total Classes	Present	Absent	Attendance Percentage	Grade	Attendance
2	Swaroop	Software Engineering	80	70	10	87.50	B	Eligible
1	Sonu	Cloud Computing	50	46	4	92.00	A	Eligible

STEP 12: IT OPENS THE STUDENT DETAILS FORM AND THEN FILL THE FORM AND CLICK SUBMIT

The screenshot shows the 'Student Details' form in the 'Student Counselling System'. The form is titled 'Student Details' and has a close button (X) in the top right corner. The form contains the following fields:

- Gender: Female (dropdown menu)
- Address: Nellore (text input)
- Phone Number: +91 543214123456 (text input with country code dropdown)
- Email: roopa@gmail.com (text input)
- College Name: SIMATS (text input)
- Course: B.Tech (dropdown menu)
- Subjects Studied: AI,DS (text input)
- Year of Passing: 2027 (text input)
- Percentage of Marks: 60 (text input)
- Domain Interest: Web Development (dropdown menu)

The left sidebar shows the navigation menu with 'Student Details' selected. The top bar indicates 'Trial expires in 12 days' and provides links for 'Upgrade', 'Edit this application', and 'Help'.

STEP 13: IT SAVES THE DETAILS OF STUDENT IN REPORT

The screenshot shows the 'Student Details Report' table in the 'Student Counselling System'. The table has the following columns: Student ID, Student Name, Age, Gender, Address, Phone Number, and Email. The table contains two rows of data:

Student ID	Student Name	Age	Gender	Address	Phone Number	Email
2	Roops	19	Female	Nellore	+91543214123456	roopa@gmail.com
1	Sonu	21	Male	Nellore	+9187654324567	sonu@gmail.com

The left sidebar shows the navigation menu with 'Student Details Report' selected. The top bar indicates 'Trial expires in 12 days' and provides links for 'Upgrade', 'Edit this application', and 'Help'. The bottom status bar shows 'Showing 2 of 2'.

STEP 14: AND FILL THE FORM OF COUNSELLING DETAILS AND THEN CLICK SUBMIT

The screenshot shows the 'Student Counselling System' interface. The left sidebar contains navigation links: 'Student Details', 'Counselling Details', 'Counselling Details Report', and 'Counselling Details Report'. The main area is titled 'Counselling Details' and contains a form with the following fields:

- Student Details: Roops
- Counselling Date: 01-Aug-2026
- Counsellor Name: Dr. Arun
- Recommended Domain: DS
- Recommended Course: Higher Studies
- Counselling Status: Completed
- Remarks: (empty text area)

A 'Submit' button is located at the bottom of the form.

STEP 15: IT SAVES THE DETAILS OF COUNSELLING IN REPORT

The screenshot shows the 'Student Counselling System' interface with the 'Counselling Details Report' view. The table displays the following data:

	Counselling ID	Student Details	Counselling Date	Counsellor Name	Recommended Domain	Recommended Course	Counselling Status
	2	Roops	01-Aug-2026	Dr. Arun	DS	Higher Studies	Completed
